Mr. Robert N. Heistand  
Paraho Development Corporation  
Box A - Anvil Points  
Rifle, Colorado 81650

Dear Mr. Heistand:

We have received your letter of August 4, 1982, requesting approval to use the retorted shale disposal area as a landfill area following the construction phase of your project which is expected to end in 1985 or 1986.

The plans which were previously submitted have been re-reviewed and appear to be in conformance with the Utah Code of Solid Waste Disposal Regulations and are hereby approved. This approval is given on the condition that the site be operated in compliance with all applicable federal, state, and local regulations.

Per your request considering the applicability of abandonment of the site, the Utah Code of Solid Waste Disposal Regulations does not have any particular requirements except for phasing out of open dumps. An approval per se is not required for this aspect of your application from our Bureau. We recommend that you contact the Division of Oil, Gas, and Mining to insure their requirements are being met.

If we can be of further assistance, or if you have questions regarding this matter, please contact Mr. Bill Sinclair of this office.

Sincerely,

*Dale D. Parker*
